

## **Strange Sounds and Underground Construction**

---

**People in and around Mount Shasta hear strange machinery sounds coming from the subterranean tunnels of Mount Shasta. Karen M., [Strange Sounds Experiencer](#). Retrieved on April 18, 2012.**

**... it sounds like digging, grinding equipment to me and if they are all doing it at the same time to make one kind of shelter then thats why we are hearing it all over the world cause they are all tunneling to get to each other.**
