

Allies of Humanity

Marshall Vian Summers

With **The Allies of Humanity**, Marshall Vian Summers is the first spiritual leader of our time to unequivocally declare that the unbidden presence and clandestine actions of our extraterrestrial “visitors” constitute a profound threat to human freedom.

Michael Brownlee, foreword to Marshall Vian Summers, *The Allies of Humanity, Book One: An Urgent Message about the Extraterrestrial Presence in the World Today*. Boulder, CO. The Society for The Greater Community Way of Knowledge. 2008. Page xii.

The [extraterrestrial] Collectives do not believe you will resist, and so they are less careful than perhaps they should be in influencing you. They think this project will be time-consuming but easy and that the ultimate goal will be achieved without great difficulty. We [the extraterrestrial Allies of Humanity] must then speak to those people who are ready and able to respond. There is no other problem or dilemma in your life as critical as this. Anything that you establish on your own behalf for your nation, for your group, for your culture or your religious tradition will be lost in the face of the Intervention. You do not want to be part of a Collective. You must trust us in this regard and consider our words seriously. There is no

freedom there. You will become nothing but servants bonded to your new masters.

And though those of you who represent your masters will have certain privileges, you will all be enslaved. And the power then to resist, though it can still be mustered, will have much greater costs and consequences.
