Aryaman

Aryaman (अर्यमन्, pronounced as “aryaman”; nominative singular is **aryama**) is one of the early Vedic deities. His name signifies “bosom friend”, “play-fellow” or “companion”.^[1] He is the third son of **Aditi**, the mother of the **Adityas**. In the RigVeda Aryaman is described as the protector of mares, and the **Milky Way** (aryamṇāḥ pánthāḥ) is said to be his path.^[1] In the Rigveda, the Adityas are also all **Asuras**, and as such Aryaman is commonly invoked together with Varuna-Mitra, Bhaga, Br̥haspati, and other Adityas and Asuras.^[1] While in later Indian tradition there are two major groups of gods, the Devas and the Asuras, pitted against each other, this was not yet the case in the Rigveda, where the two groups are not yet distinct and the Asuras are not yet demonized.

The Hindu marriage oaths are administered with an invocation to Aryaman being the witness to the event.^{[2][3]}
