AWAKE & AWARE 2013

APRIL 5th, 6th & 7th Glendale, CA

About

Project Camelot is very pleased to announce our 3rd AWAKE & AWARE conference. After 7 years of cutting edge testimony presented to the general public via highly successful interviews, radio shows, online and real world conferences and on mainstream TV, from Camelot witnesses and researchers as well as contactees, this year we decided to venture into uncharted territory.

Awake & Aware 2013: Time Travel & Other Worlds is very likely the first conference of its kind to bring together scientists, researchers, whistleblowers with experience working in above top secret black projects dealing with Time Travel.

We are talking about Jump Rooms to Mars, the Moon as well as underground bases and cities connected by high speed maglev trains where you go from Pine Gap Australia to Los Alamos National Labs in minutes rather than hours. We are talking about a Secret Space program operating under cover of secrecy that is going Interstellar and terraforming other planets... These speakers will talk about how the Secret Government travels... by using zero point energy and hyper dimensional physics to negotiate reality in ways we have only dreamed of...

Are You Experienced?

In 2 days and 3 nights ticket holders will have the experience of a lifetime, starting with direct access to our unique team of speakers at our meet the speakers party on Friday night. Saturday and Sunday are packed with one speaker after the other revealing their understanding regarding the true principles of time travel: How governments are using plasma physics, orgone and Tesla technology to access wormholes and travel from one galaxy to the other.

Saturday night after our 2 hour dinner break, our speakers return for a Camelot Roundtable Discussion that will be nothing like the run-of-the-mill panels you have heard in the past. In the 2nd hour of the discussion the audience will get involved, able to ask questions and then, from 10pm on we will relax with live music and more networking. Sunday is another day of jam-packed testimony and networking. We end with some wrap up comments by Kerry Cassidy and a special thanks to all of our wonderful speakers.

Who is Project Camelot?

Project Camelot was founded by Bill Ryan and Kerry Cassidy in 2006 and has become a grass-roots movement and cutting-edge alternative news outlet featuring interviews with whistleblowers from above top secret, authors and contactees, many of whom have risked their lives to get the truth out to the public. This conference may well be one of the only times they are able to get together in a public forum and compare notes and present their findings.

After 7 years of interviewing whistleblowers from black projects, engineers, current and ex-military, Project Camelot is taking a bold step, against substantial odds to bring this important testimony to you. Do not miss this opportunity to get a glimpse beyond the Matrix.

Some Background...

"The best place to hide is in the open..."

Project Camelot is based on an idea generated when Kerry Cassidy and Bill Ryan first met in Tintagel, England, in the home of King Arthur. They named their project in tribute to the vision behind the utopian idea of the Round Table - and have structured all their efforts in this inspiring spirit.

Since its inception in 2006, Project Camelot has become a leader in the area of whistleblower testimony by providing guerilla style interviews shot on location, with key witnesses and researchers from all around the world. The interviews display raw interpersonal dynamics which offer visual and subliminal clues to help viewers come to their own conclusions about the validity of the testimony being given.

Traveling to remote corners of the globe, they have revealed secrets previously only known to a select few from secret societies and those with high level security clearances in the secret government.

Our Audience and Supporters

UFOs, Mars, Whistleblowers, Free Energy, Earth Changes, Secret Government, Black Ops, and much more. Covering the story, conspiracy-facts from beyond the Matrix, Project Camelot is exposing the truth, one whistleblower at a time.

Our TV Pilot : SHADOW OPERATIONS

In 2010 the founders, Kerry Cassidy and Bill Ryan were approached by Vin di Bona Productions, a well known television company, to create a reality show built around their groundbreaking work. That idea became SHADOW OPERATIONS, a pilot aired by TruTV in 2012, after over one year of sitting on the shelf, due to the controversial nature of their explosive witness testimony revealed for the first time on mainstream television. Since the show first aired in November of 2012 it has gone viral on Youtube and gathered hundreds of thousands of viewers worldwide. Some say that Project Camelot alone has become a force for disclosure changing the very nature of how we view reality.

We have received thousands of letters from people from all walks of life telling us we have changed their lives. The power of the Camelot interviews is in their ability to reveal the real truth about the nature of reality and what it means to be human.
