STUNNED Derek Bridges has revealed how he shot extraordinary footage which UFO experts say shows aliens beaming a BUFFALO into their spaceship.

Pensioner Derek filmed the eerie scene from his window after spotting pulsating glowing orbs hovering over a neighbouring farm late at night.

The two bright lights hover high over fields, while an animal appears to dangle below before vanishing into them.

A high-pitched screeching noise can be heard before the UFOs finally disappear into the night.

Grandfather Derek, 69, said: "I couldn't believe my eyes. I'm convinced it is the real thing."
