Breathmaker is the Creator God of the Seminole tribe. He made the people out of clay and taught them the arts of civilization. He is associated with the Milky Way, which he created as his own home and which is considered to be the afterlife in traditional Seminole cosmology. After colonization, some Seminole people began to associate Breathmaker with Jesus and the Milky Way with Heaven.

Breathmaker (Seminole)

Breathmaker taught men to fish and dig wells, and made the Milky Way. When the virtuous die, they follow the Milky Way to a glorious city in the western sky.
