

The Centers for Spiritual Living are creating history this coming February by voting to come together as one organization, and you can be a part of history.

Years ago, Ernest Holmes gave us this prophetic statement: *Love points the way, and Law makes the way possible.* After a split in our organizations in 1954, love is truly pointing the way for us as we come together again after all these years. We are creating an incredible conference that will provide the following:

- A chance for you to be a part of the “reunion” as we gather for the historic vote.
- An opportunity to be in front of hundreds of New Thought leaders who will be able to say, “I was there!”
- A special occasion for us to celebrate our Oneness.
- A chance for you to financially support our organizations as we create this sacred space for integration.

You can be a part of this week-long gathering as a sponsoring participant. An outline of sponsorship opportunities are provided in the attached materials. Please keep in mind that we will work with you to design a program which meets your organization’s branding and marketing needs.

We will give you a call, to follow up and to hear your thoughts. If it is easier, feel free to call Tammi Tucker at (800) 662-1348, ext 216. Together we can make a difference.

Sincerely,

Rev. Sally Robbins, ICSL Conference Co-Chair
Rev. Kevin Bucy, UCSL Conference Co-Chair

About the Integration Conference: Love Leads the Way!

The Integration Conference is the historic gathering of the leadership and laity of the United Centers of Spiritual Living and the International Centers for Spiritual Living as they vote to integrate into one organization. Held at the beautiful San Diego Sheraton Hotel & Marina, the conference is expected to attract 600-800 participants. In addition to attendees from both UCSL and ICSL, there will likely be participants from Agape International Spiritual Center, the Association of Unity Churches, International New Thought Alliance, Affiliated New Thought Network, and other New Thought organizations.

The high caliber of keynote speakers, presenters, workshop facilitators, and attendees makes this an outstanding opportunity to be in front of today's cutting-edge change makers. In addition, most of the conference participants are decision makers and leaders of spiritual centers from around the world. Nearly all of these spiritual centers have bookstores that offer books, educational materials, music, and other products and services that support conscious and environmentally friendly living. Center members and attendees are attracted to products and services that support both personal and global transformation.

The conference will feature inspiring and relevant keynote speakers such as Dr. Dennis Merritt Jones, Tama Kieves, Dr. David Ault, Dr. Edward Viljoen, Dr. Petra Weldes, Rev. Donna Michael, and Dr. Joan Steadman, along with some of the best New Thought musicians in the world. Throughout the week, participants will be able to engage with each other in a variety of general sessions and workshops filled with uplifting messages and New Thought music.

Centers for Spiritual Living is committed to partnering with its sponsors to reach a large and growing targeted audience. Conference sponsors will be promoted on the UCSL and ICSL websites, monthly e-marketing to communities around the world, the conference website, printed materials (as deadlines allow) and Facebook pages.

Won't you join us as a sponsor for the 2011 Integration Conference? Let's set our intention to know that a co-created sponsor experience with this captive audience will result in a successful and fulfilling sponsorship opportunity for you and your organization!

About Centers for Spiritual Living (CSL)

Centers for Spiritual Living provides spiritual tools to transform our personal lives and help make the world a better place.

Centers for Spiritual Living is an organization of spiritual communities that honors all paths to Spirit and can help you experience a personal relationship with a higher power. When God is the focus of our spirituality, then other areas of our lives fall into place—we are happier, we can do more for others, be better stewards of the Earth, and help bring peace and harmony to the world.

If you are in search of a spiritual community where you are respected and accepted for who you are and want the inspiration and support to grow to your highest potential, please accept our invitation to visit your local Centers for Spiritual Living community. There are Centers located throughout the U.S. and Canada, and around the world. CSL's history can be traced back to 1926, and has grown to more than 300 spiritual centers, serving communities of more than 1 million people. From serving its growing communities with spiritual celebration, services, and support, CSL centers offer classes on empowered living, and spiritual growth and transformation. CSL teen groups have reached out to build badly needed schools in impoverished Malawi, as well as providing resources, such as books and classes in foreign countries, and played active roles in the transformation of our world through their participation in the Parliament of the World's Religions, the Association for Global New Thought, and sponsorship of youth and teen camps.
