ALIGNING WITH THE COSMIC SACRED HEART

The Energies of March 2009

Archangel Michael through Celia Fenn In the wake of the new Light Codes that were activated within the Sacred Earth geometric grids in January and February at the Solar and Lunar eclipses, you are feeling the shifts and the changes within your lives. Your Higher Self is gently aligning you with the New Light and bringing you into alignment with the Great Heart of All, the One Heartbeat or Pulse of Love at the Center of the Cosmos.

Beloved Ones, in the process of the recent alignment, you are now moving into inner harmony with the Diamond Light Grid of Cosmic Unity, or the Sacred Heart energy. As you feel this inner alignment, you are experiencing a need to release everything that is not entirely in harmony with your inner Divine Essence, or Godself. This may represent a time of difficulty for many of you, for you are experiencing a "cleansing" and a "re-calibration" of the frequencies of your closest personal

relationships in order to allow for alignment with the deep soul essence of each person.

This inner alignment, Dearest Ones, is affecting especially those who are working with the Twin Flame grid aspect of the Sacred Heart. Many of these relationships are going through a period of testing and transmutation to ensure that the relationship exists in absolute integrity with the Twin Flame template energy. Some of these partnerships will be dissolved, according to the highest good of each soul, and some will be re-formed at a higher level of Light. Beloved Ones, if you are going through any of these painful relationship "re-formulations", allow the process to flow under the direction of your Higher Aspect, and trust that all in the process is for the Highest Good.

It is a powerful time for this process of inner Twin Flame alignment within the Sacred Heart of God. This energy of alignment and power will climax at the Equinox on the 20th March. At this time, wherever you find yourself, this will be an optimal opportunity to align your inner masculine and feminine energies with the Flow of Spirit from Heaven to Earth within your own Sacred Heart center.

Beloved Ones, know that the primary energy of the Twin Flame of the Sacred Heart is within you. It is your own beautiful Heart that is the mirror of the Great Cosmic Heart of All That Is. Your Heart yearns to pulse in complete harmony with the Great Cosmic Heart of the One. And so, at this time, you are shifting your Inner Light into this realignment. And so, you are releasing all that is not a reflection of your inner God Light on Earth.

Beloved Masters of Light, you know that you have chosen to be on this Earth to be a manifestation of Divine Light in material form. You have chosen to inhabit a material body so that you may shine your Light as part of the Symphony of Light that is All Living Beings on Earth. And so, it is important that you bring the light of Heaven into your material form and that you radiate light from this material form. For indeed, Beloveds, this is what "enlightenment" means, to bring the Light of your Divine

Inner Being into manifestation through physical form, and to do so in a conscious and focussed way. In this "illuminated" state, every choice and decision that you make will be illuminated by the Love of Source, and will be a demonstration of Divine Unconditional Love in action in your life. This is indeed what it means to "ground" the Divine Light into your life through conscious choice and intention.

And so, Beloved Ones, as you create this continuum of Light, from Heaven to Earth, you are able to balance the Masculine and Feminine complementarities of the Divine Light in your acts of Co-Creation with Spirit. This perfect inner union will enable you to create and manifest with ease and fluency in your New Earth. And so, we can say that the recent Cosmic and Stellar Light Codes that have entered your Planet's grid field have been designed to awaken your Sacred Heart to the Light of Divine Love within. Then, once this channel is fully open, then it is possible to manifest an external reflection of this inner harmony within a beloved partnership with a Twin Flame partner.

Beloved One, accept this time of cleansing and alignment with grace, for soon it will bring great and manifest blessings into your lives.

The Equinox, March 20th, and the New Earth Paradise Grids

Dearest Lightworkers, as you feel this inner alignment into Harmony with the "One" energy within your own Heart and within your relationships, so you will also feel this alignment in your relationship to the Elemental kingdoms and the animal, plant and mineral kingdoms and their Sacred Grid Keepers.

At this Equinox celebration of the 20th March, the Sacred Keepers of the New Earth grids, the Paradise grids, will work closely with you to create this new alignment of Oneness and Harmony on the New Earth grids. Those of you who participate in the March 20th Equinox ceremonies will be working with your inner Sacred Animal and Elemental energies, and uniting with

the Sacred Earth Keepers.

Beloved Ones, it will be a Joyous Celebration of the Harmony of the "One". Allow the rising consciousness of the "One" to enter into your Hearts and Minds and begin preparing you for the Planet's first New Earth experience of Harmony and Alignment between the Lightworker "Earth Keepers" and the Sacred Keepers of the other Sacred Kingdoms.

For, it is given at this time by Sacred Edict from the Highest levels of Spirit and the Heart of Source, that this is the right time for this Sacred re-unification and manifestation of the Planetary Sacred Heart on Earth. The Sacred Keepers of the Earth grids have given their consent for a unification and harmonization of all the different levels of Sacred Life on Earth, and so, at this time, the "family" on Planet Earth comes together once again.

Now, we know that many of you who are Lightworkers have held the Sacred Connection in many lifetimes, and you have worked with the Keepers in Sacred partnerships. But now, as the Earth begins its realignment into Sacred Relationship and Harmony with All Kingdoms, this is a special time of Joy and Celebration. The energy held for so long by the few dedicated souls of Love and Light, is now being made available to the Planet once again. From the 20th of March, the harmonious love of all the Keepers of all the Kingdoms will flow through the Paradise grids to recreate Heaven on Earth as a great and sacred partnership of Love between all who inhabit this Earth.

It is indeed a time for Celebration and Gratitude.

The Energies for March 2009

The Full Moon falls on the 11th of March, in the sixth house of Virgo, associated with the Earth energy. Since Saturn is also in Virgo, this creates a powerful energy of transformation and restructuring for the Earth. The new Light Codes are allowing a new structure of reality to emerge on the Earth. The New Earth grids are being suffused with Divine Light to allow for the emergence of a New Society on Planet Earth.

The Equinox falls on the 20th of March, and at this time you will celebrate the creation of the Harmony of One on the Planet in this energy of Global Balance that comes to the fore at the time of Equinox.

The New Moon will be on the 26th of March, and this will fall in Aries, the first sign of the zodiacal New Year. In the North, Spring will be coming in, together with the energies of a new cycle. The Aries New Moon is always a good time to plant the seeds of intention that will grow and flourish in the next Earth cycle. Consider what paths of Light you may follow to fulfill your soul's highest potential on this Earth, and what Joy you are willing to accept from the Flow of Divine Abundance that emerges from the Throne of God.

We wish you Joy and Peace in the Month of March.

Written by: Celia Fenn

Celia Fenn is a Channel, Spiritual Facilitator, Writer and Speaker/Performer. She travels the world to work with groups of people, working with the energies of Archangel Michael, the Cetaceans and Mary Magdalene, to bring information about the transformation and ascension of the planet, the significance of the Grail Codes and the Sacred Heart, and the work of the Indigo and Crystal beings at this time.

She holds MA and PhD degrees in English Literature, and has also studied Art and Music. She lives in Cape Town, South Africa.

She worked for 12 years as a University academic before switching to a career in Healing and Therapy. For ten years she helped many people to find their own personal healing path to wholeness and inner peace. She then became a channel for Archangel Michael, and developed the Starchild Global website. More recently, she has worked with the Grail Codes and the importance of the Divine Feminine energy for the Planet at this time. Her most recent project is the "Global Field of Peace", which is aimed at assisting people to create Abundance through Creativity and Joy.

She is the author of ***A Guide to Complementary Therapies in South Africa*** and the e-book, ***The Indigo Crystal Adventure***. ***The Indigo Crystal Adventure*** has been published in German, and editions in Spanish, Italian and French are in publication. Her new book ***The Grail Codes and the Sacred Heart*** will be published in 2008.

Celia has been a pioneer in working with the Ascension symptoms of the Transition from Indigo to Crystal Consciousness. Her work has appeared in the "**Sedona Journal of Emergence**" in the USA, "**Paradigm Shift**" in the United Kingdom, "**In Touch**" magazine in New Zealand, and "**Die Adler**" in Germany. She wrote a regular monthly channel for "Children of the New Earth

Online" for a year, and her work appears on "Planetlightworker.com" as well.

She is also passionate about Cetaceans, especially the Southern Right Whales that are found in the coastal waters of her homeland. In this work she calls together the Angelic Soul Clan of the Ocean Keepers and the Earth Keepers. She believes that the Dolphins and the Whales have a special role in creating the New Earth, and she also facilitates Cetacean workshops and "experiences".

She is also the Director of the **Starchild Children's Foundation**, which runs the "Children of Africa Project". This is a Community Support Program for the Children of Sun City in Sir Lowry's Pass, Cape Town, South Africa. The project is run and maintained by donations.
