

## Final Confirmation of Hazrat Imam Mahdi

**"In this holy Majlis, a few days ago, he ascended along with the Khalifahs and Talibs in the higher realms of the non-physical world and there, as directed, he introduced once again, Hazrat Imam Mahdi and told his Khalifahs and others to inform the world about the expected arrival of the promised Mahdi."**

**About six months ago, Hazrat Imam Mahdi was introduced to a few followers of the Imam of the Muslims of the Americas (MOA), Sultan Syed Mubarik Ali Shah Gilani, who came to America more than 30 years ago and established the International Quranic Open University (IQOU) and 25 villages of American Muslims. Hazrat Imam Mahdi was introduced to the Imam Gilani's followers**

by Imam Gilani himself, but at that time it was kept a secret. During the blessed month of Ramadan, however, El Sheikh Gilani has now declared that the matter must now be made public.

Sultan Syed Mubarik Shah Gilani was sent indeed. He came with knowledge, and has been fully supported with Divine Manifestations of miracles, which did occur and have been continuing to do so since, right up to this writing. A decade ago, El Sheikh Gilani sent from Islamabad, Pakistan, a most powerful dua by fax to South Carolina in the blessed month of Shaban, just before Ramadan.

The dua had to be recited on the night of predestination, the 15th of Shaban. There were over 125 students attending the Islamic summer school along with an Islamic scholar, Hafiz Zubair from Mazhar ul Uloom, an Islamic school in Rawalpindi, Pakistan, at the time. The people who were waiting for the fax saw Allah's name shining in rainbow colors on the wall on the right side and the Holy Last Messenger's (peace be upon him) name on the left. In between the two names, a rainbow appeared. Eventually that place was turned into a holy shrine. Ever since, during the blessed month of Ramadan, thousands of people have seen this again along with many other miraculous manifestations. Not only

these, but also in Islamburg, New York, very similar manifestations have appeared and are appearing.

When the miraculous appearance of shining holy names took place, a number of psychiatrists in newspapers rejected these, saying that people see what they believe. However, one Ms. June, a Christian woman, went to the shrine in South Carolina with the intentions of exposing what she thought was a fraud being played by other people, but the blessed Holy Names of Allah and Muhammad (peace be upon him) appeared also during her visit, and then again in her own bedroom. Also, her husband was totally cured of cancer after visiting the shrine and praying for healing there. Then she embraced Islam.

Because of Sultan Gilani's success in spreading true Islam among indigenous Americans with success and Divine support, he was targeted by various agencies who tried to destroy him and his reputation through falsely accusing him of abducting one American journalist, Daniel Pearl, in 2002. During that time, the international and Pakistani media embarked on such a cruel campaign of character assassination that it led to the death of Sheikh Gilani's aged parents who expired due to the shocking

news that they heard. The entire conspiracy caused irreparable damage to the lives, property and businesses of Sheikh Gilani and his entire family. Eventually, the US State Department and FBI released an official statement that Sheikh Gilani was not involved in the abduction of Daniel Pearl. Unfortunately, the damage was already done.

When he came to the United States, Sheikh Gilani had already given practical demonstration on the healing powers of the Holy Quran in curing many mental and physical diseases. This was done in Saudi Arabia at the psychiatric research institute at Taif Hospital in 1977-1978, where scientists were present to witness the project. Even as recently as last week, a patient suffering from cancer who had spread throughout her entire body, who had been given a prognosis of just four to five years to live, was completely healed.

Sheikh Gilani has revived brain dead patients, and for the last 25 years has trained people who can heal and cure and are doing so on the hospital level. He is the Sixth Sultan of the Qadri Order after Sultan Bahu, and his specialty has been and continues to be presenting people before the Holy Last Messenger (peace be upon him). It was essential to give some introduction to the

personage through whom this most momentous information regarded Hazrat Imam Mahdi, is being communicated—a fact he had been concealing for the past several years, thinking the time was no right to disclose this communication.

In this holy Majlis, a few days ago, he ascended along with the Khalifahs and Talibs in the higher realms of the non-physical world and there, as directed, he introduced once again, Hazrat Imam Mahdi and told his Khalifahs and others to inform the world about the expected arrival of the promised Mahdi. One of the Sheikh's followers describes the meeting the following way:

“My Murshid Kamil walked into the room and we stood. He was smiling as we all were. Then he asked if we knew who the man was, chuckled and said, “You have just met the Mahdi.” After the introduction, Imam Mahdi presented our Murshid with gifts. Our Murshid smiled at this and commented, “You have completed your studies.”

Imam Mahdi was neither tall nor short. He was average height. He had a bright complexion. His beard was neatly shaped. He

was handsome and had a mature disposition. He looked to be in his mid to late thirties...”

Muslims the world over should prepare themselves to receive him. In simple terms, this means to turn back to Allah, seeking forgiveness, and striving to be good Muslims. People should remember that Imam Mahdi will only appear at the Baitullah Shareef. He will not appear to anyone else before the appointed time. Any other claim is false. However, Sheikh Gilani confirms that it is not a matter of decades for physical appearance, rather just a matter of years.

People should work extremely hard, stand firm and rest assured that what they are being told is right. Now, more than ever, is the time to leave aside all unIslamic activities and turn back to Almighty Allah in repentance and dua. No one has been asked to become followers or to contact Sheikh Gilani further. El Sheikh, head of the Qadri order, has done his duty in conveying this information; it is entirely up to people to accept or reject it. But it is going to happen. He does not seek popularity or a following. In fact, there are few people who can say they have met Sheikh Gilani, as he does not try to gain recognition. Rather, he is doing the duty entrusted to him by Allah and the Holy Last Messenger

(peace be upon him). The tide is about to turn. The world will change forever and for good. The end time has started.

Soon after the physical appearance of Hazrat Imam Mahdi, Jesus, son of Mary, will come down from the Heavens and land at Masjid Aqsa in Jerusalem. The much anticipated Armageddon will later on take place.
