Cure for all **Mental, Physical & Spiritual** Disease – such as **AIDS / CANCER & Problems** without any Expenditure

1. Sit in a comfortable position. · OR you can sit cross-legged on the floor· lie down, sit on a chair / couch etc., to meditate. 2. Look at Gurudev's (Sri Ramlalji Siyag) picture for a minute or 2 until you can remember the image. · Then close your eyes and pray / say silently to Gurudev, “Help me meditate for 15 minutes.” You can choose a time-limit according to your convenience, for eg. 5 / 10 /12 /... minutes. · Then, with your eyes still closed, think of Gurudev's image at the place between your eyebrows -also known as the third eye. This means that you have to try to imagine Gurudev’s picture in your mind. 3. While thinking of the image, repeat silently (Chant) for 15 minutes the secret **divine mantra** given by Gurudev (Sri Ramlalji Siyag) – “ **Kling Krishna Kling** “. 4. During meditation, you may experience certain automatic yogic postures or movement of your limbs. Swaying, nodding of head, rapid movement of head from left-to-right or vise versa, inflating or deflating of belly, clapping, grunting, moaning or laughing can happen in many cases. Do not panic or worry. These actions, happen involuntarily, are ordained by divine force, and they are needed for your internal cleansing and readying you for further progress. You may also experience vibrations, see bright lights, colors or even have visions or revelations of the past and future events. These are indications that you are progressing well on the spiritual path.

5. However, if you do not experience any yogic postures or see visions, it does not mean that are not making progress. In all probability, the divine force awakened in you has perhaps decided that you don’t need these experiences.

6. You will notice that your meditation will come to an end automatically exactly when you reach the time limit you had set mentally prior to starting meditation. **Anyone** - of any religion, creed, color, country **Anytime**

Programs conducted by Guru Siyag in

Adhyatma Vigyan Satsang Kendra Ashram,

Near Leriya Resort, Nathdwara, Village Choupasani, Jodhpur, Rajasthan, India – 342008 Land Line : **0291 – 2753699** Dear friends, A lot of people believe in the medical properties of yoga. But what they don't know is the divine effect of SIDDHA-YOGA and SPIRITUAL MEDITATION for bringing perfect health to all human beings irrespective of caste, colour, creed, nationality, language or religion. This message intends to bring this to the notice of thousands of those who are suffering due to ignorance and lack of information regarding Spiritual Science. Complete cure from all incurable diseases like cancer, AIDS, hepatitis, asthma, arthritis etc., is possible and for that people need not to spend a single penny because cure is present within them. It is possible due to the divine and supramental force present within every human being, (you may name it HOLY GHOST) that is unlimited source of immunity to all ailments troubling the humanity. This supramental force can be activated by awakening of 'Mother Power' KUNDALINI. Our revered spiritual Master Sadgurudev Sri Ramlal Siyag has been blessed with the unique power of SHAKTIPAT by which the all powerful KUNDALINI gets awakened and induces Involuntary Yogic movements (external as well as internal) in the human body to cure all types of diseases. This is known as SIDDHA-YOGA where involuntary yogic movements take place in the body and the human being has no control over them (He can't initiate or stop these movements as per his will). These movements take place in that particular organ only, which is not fully functional and thereby making it perfectly healthy and immune to all ailments in the future also. (For details, please visit : www.the-comforter.org) The only requisite for this type of cure is **regular spiritual meditation and silent repetition of the divine word given by Gurudev Sri Ramlalji Siyag “Kling Krishna Kling “**. Gurudev says he never paid anything to his spiritual master to receive this divine power, which is helping the humanity and so he will not take money to distribute this power to the

mankind. **Therefore, the complete cure of CANCER and AIDS is possible through SIDDHA-YOGA** if the person suffering from such diseases is seriously doing spiritual meditation. **If one is serious then he can experience positive results within a week.** There is no time limit for complete cure, it may take few minutes or may require few days of regular meditation depending upon the condition and willingness of the person. **We don't expect and we don't accept anything in return for the possible cure of all types of incurable diseases, for the simple reason that we don't give you anything from the outside world, the cure is within you.** Only thing is that you don't know how to communicate with the all powerful 'doctor' (supramental power) that is present within all the human beings. Thousands of people suffering with various incurable diseases like blood cancer, asthma, arthritis, hepatitis, kidney failure, brain tumor, HIV etc have been cured for ever in India through SIDDHA-YOGA and SPIRITUAL MEDITATION. Many such cases will be put up on the following website very soon. We sincerely feel that all the mankind has equal right to know about and activate such divine and supramental force which will remove all ailments, biological and psychological, troubling the humanity. We invite you to research and find the truth.
