The Jesuits and the Vatican, are the "Illuminati." The Illuminati is a front group for the Jesuits, so they could takeover the countries they were kicked out of. They are behind or infiltrated "Zionism" or "Communism." All roads lead to Rome, not the Illuminati, or the Jews.

Continued. As an American my concern is with who is running the US esp because of military. When I look around, esp. after GWB got through with all his appointments, and with lots of things that have happened since Wilson, the main threads start to show and it's obvious the Jesuits are and have been pretty much running THIS country. We are in Iraq and Afghanistan for one purpose: to put Jesuits in power in the Middle East. & Laura Bush meeting with the Afghan women--barf. The Bushes are Jesuits.

Continued. Then there is the situation with bank accounts being hacked. I wish I knew how to find out about this. I think they might use a "threat" to shut down the internet.

That is a very interesting comment. When Clinton was President, I thought there were three main ones. I can't help but feel that it is the ones who hijacked Christianity that need to be dealt with more than anything. It's always been said the Jesuits can out-infiltrate anyone. I think the real question is, where is the gold? I don't think that business about the substitution of gold-plated tungsten bars in various countries is a rumor. "They shall throw their gold and silver into the streets."??

The pope is the anti christ whom the lord JESUS warned us about. Paul clearly told us that satan would hi jack the christian church and install in it a blasphemous leader who would claim to be christ's equal and who would rule over the leaders of the world from rome with a harlot church which will kill Gods saints. Thats the dark ages. the prophecy continues that this same beast will rule the world again at the end of time right now the popes and jesuits control the illuminati the elite

You know nothing my friend, your comment is funny and very revealing into your level of understanding and maturity-you have none! So get lost or do some research before you condemn without fully really knowing!

1st of all I'm not a "dude" a dude is a man that works on a farm! You wouldn't know anything about the Brotherhood of the Snake (or dragon) and their Luciferian ideology has spread throughout the world. The Chinese celebrate the year of the dragon, the Aztecs sacrificed humans on a pyramid to their Serpent God! Tell me about the Mystery Religions-you know nothing of them! The 1st one in Sumer Babylon was the satanic Brotherhood of the Snake-how long have you studied the ancient world? Never!
