

Last Lecture By Phil Schneider

Phil Schneider at Global Sciences
Conference Denver, Colorado August,
1995

In May, 1995, Phil Schneider did a lecture on what he had discovered. Seven months later he was tortured and killed by those for whom he had previously worked.

This man's final acts should not go unnoticed.

It is because of the horrendous structure of the federal government that I feel directly imperiled not to tell anybody about this material. How long I will be able to do this is anybody's guess. However, I would like to mention that this talk is going to be broken up into four main topics. Each of these topics will have some bearing on what you people are involved in, whether you are patriots or not.

I want you to know that these United States are

a beautiful place. I have gone to more than 70 countries, and I cannot remember any country that has the beauty, as well as the magnificence of its people, like these United States.

To give you an overview of basically what I am, I started off and went through engineering school. Half of my school was in that field, and I built up a reputation for being a geological engineer, as well as a structural engineer with both military and aerospace applications.

I have helped build two main bases in the United States that have some significance as far as what is called the New World Order.

The first base is the one at [Dulce](#), New Mexico. I was involved in 1979 in a fire-fight with alien humanoids, and I was one of the survivors. I'm probably the only talking survivor you will ever hear. Two other survivors are under close guard. I am the only one left who knows the detailed files of the entire operation.

Sixty-six Secret Service agents, FBI, Black Berets, and the like, died in that fight. I was there.

Number one: Part of what I am going to tell you is going to be very shocking. Part of what I am going to tell you is probably going to be very unbelievable though, instead of putting your glasses on, I'm going to ask you to put your "skeptical" on. But please, feel free to do your own homework. I know the Freedom Of Information Act isn't much to go on, but it's the best we've got. The local law library is a good place to look for Congressional Records.

So, if one continues to do their homework, then one can be standing vigilant in regard to their country.

Deep Underground Military Bases And The Black Budget

I love the country I am living in more than I love my life, but I would not be standing before you now, risking my life, if I did not believe it was

so. The first part of this talk is going to concern deep underground military bases and the Black Budget. [The Black Budget](#) is a secretive budget that garners 25% of the gross national product of the United States.

The Black Budget currently consumes \$1.25 trillion per year. At LEAST this amount is used in black programs, like those concerned with deep underground military bases. Presently, there are 129 deep underground military bases in the United States.

They have been building these 129 bases day and night, unceasingly, since the early 1940s. Some of them were built even earlier than that. These bases are basically large cities underground connected by high-speed magneto-levity trains that have speeds up to Mach 2.

Several books have been written about this activity. Al Bielek has my only copy of one of them. [Richard Souder](#), a Ph.D. architect, has risked his life by talking about this. He worked

with a number of government agencies on deep underground military bases.

In around where you live, in Idaho, there are 11 of them.

[Editor's note: Dr. Richard Souder is not to be confused with a Richard Sauder, Ph.D., a new-to-the-field-of-underground-bases researcher and author of the book *Underground Bases And Tunnels: What Is The Government Trying To Hide?* Dr. Richard Souder is a highly credentialed professional with tremendous experience in the areas about which he has spoken out. Don't you wonder sometimes about "coincidences" such as this one, with two so similar names?]

The average depth of these bases is over a mile, and they again are basically whole cities [underground](#). They all are between 2.66 and 4.25 cubic miles in size. They have laser-drilling machines that can drill a tunnel seven miles long in one day.

The *Black Projects* sidestep the authority of Congress, which as we know is illegal. Right now, the [New World Order](#) (NWO) is depending on these bases. If I had known at

the time I was working on them that the NWO was involved, I would not have done it.

I was lied to rather extensively.

Development Of Military Technology, Implied German Interest In Hyperspatial Technology

Basically, as far as technology is concerned, for every calendar year that transpires, military technology increases about 44.5 years. This is why it is easy to understand that back in 1943 they were able to create, through the use of vacuum tube technology, a ship that could literally disappear from one place and appear in another place.

My father, **Otto Oscar Schneider**, fought on both sides of the war. He was originally a U-boat captain, and was captured and repatriated in the United States. He was involved with different kinds of concerns, such as the A-bomb, the H-bomb and the Philadelphia

Experiment. He invented a high-speed camera that took pictures of the first atomic tests at Bikini Island on July 12, 1946.

I have original photographs of that test, and the photos also show UFOs fleeing the bomb site at a high rate of speed. Bikini Island at the time was infested with them, especially under the water, and the natives had problems with their animals being mutilated.

At that time, General MacArthur felt that the next war would be with aliens from other worlds.

Anyway, my father laid the groundwork with the theoreticians about the Philadelphia Experiment, as well as other experiments.

What does that have to do with me? Nothing, other than the fact that he was my father.

I don't agree with what he did on the other side, but I think he had a lot of guts in coming here. He was hated in Germany. There was a

\$1 million reward, payable in gold, to anyone who killed him. Obviously, they didn't succeed.

Anyway, back to our topic—deep underground bases.

The Fire Fight At Dulce Base

Back in 1954, under the Eisenhower administration, the federal government decided to circumvent the *Constitution Of The United States* and form a treaty with alien entities. It was called *the 1954 Grenada Treaty*, which basically made the agreement that the aliens involved could take a few cows and test their implanting techniques on a few human beings, but that they had to give details about the people involved.

Slowly the aliens altered the bargain, until they decided they wouldn't abide by it at all. Back in 1979, this was the reality, and the fire-fight at Dulce occurred quite by accident.

I was involved in building an addition to the

deep underground military base at Dulce, which is probably the deepest base. It goes down seven levels and over 2.5 miles deep. At that particular time, we had drilled four distinct holes in the desert, and we were going to link them together and blow-out large sections at a time.

My job was to go down the holes and check the rock samples, and recommend the explosive to deal with the particular rock. As I was headed down there, we found ourselves amidst a large cavern that was full of outer-space aliens, otherwise known as *large Greys*. I shot two of them. At that time, there were 30 people down there. About 40 more came down after this started, and all of them got killed.

We had surprised a whole underground base of existing aliens.

Later, we found out that they had been living on our planet for a long time, perhaps a million years. This could explain a lot of what is behind the theory of ancient astronauts.

Anyway, I got shot in the chest with one of their weapons, which was a box on their body, that blew a hole in me and gave me a nasty dose of cobalt radiation. I have had cancer because of that.

I didn't get really interested in UFO technology until I started work at [Area 51](#), north of Las Vegas. After about two years recuperating after the 1979 incident, I went back to work for Morrison and Knudson, EG&G, and other companies. At Area 51, they were testing all kinds of peculiar spacecraft. How many people here are familiar with Bob Lazar's story?

He was a physicist working at Area 51, trying to decipher the propulsion factor in some of these craft.

Schneider's Worries About Government
Factions, Railroad Cars, And Shackle
Contracts

Now, I am very worried about the activity of the federal government. They have lied to the public, stonewalled Senators, and have refused to tell the truth in regard to alien matters. I can go on and on. I can tell you that I am rather disgruntled.

Recently, I knew someone who lived near where I live, in Portland, Oregon. He worked at *Gunderson Steel Fabrication* where they make railroad cars.

Now, I knew this fellow for the better part of 30 years, and he was kind of a quiet type. He came in to see me one day, excited, and he told me “they’re building prisoner cars”. He was nervous.

Gunderson, he said, had a contract with the federal government to build 10,720 full-length railroad cars, each with 143 pairs of shackles. There are 11 sub-contractors in this giant project. Supposedly, Gunderson got over 2 billion dollars for the contract. Bethlehem Steel and other steel outfits are involved. He showed

me one of the cars in the rail yards in North Portland. He was right.

If you multiply 10,720 times 143 times 11, you come up with about 15,000,000. This is probably the number of people who disagree with the federal government.

No more can you vote any of these people out of office. Our present structure of government is "[technocracy](#)", not democracy, and it is a form of feudalism. It has nothing to do with the republic of the United States. These people are Godless, and have legislated out prayer in public schools. You can get fined up to \$100,000 and two years in prison for praying in school. I believe we can do better.

I also believe that the federal government is running the gambit of enslaving the people of the United States.

I am not a very good speaker, but I'll keep shooting my mouth off until somebody puts a bullet in me, because it's worth it to talk to a

group like this about these atrocities.

America's Black Program Contractors

There are other problems. I have some interesting 1993 figures. There are 29 prototype stealth aircraft presently. The budget from the U.S. Congress five-year plan for these is \$245.6 million. You couldn't buy the spare parts for these programs for that amount. So, we've been lied to.

The black budget is roughly \$1.3 trillion, every two years. A trillion is a thousand billion. A trillion dollars weighs 11 tons. The U.S. Congress never sees the books involved with this clandestine pot of gold.

Contractors of stealth programs:

- . EG&G
- . Westinghouse
- . McDonnell Douglas
- . Morrison-Knudson
- . [Wackenhut Security Systems](#)
- . Boeing Aerospace

- . Lorimar Aerospace
- . Aerospacial in France
- . Mitsubishi Industries
- . Ryder Trucks
- . Bechtel
- . [I.G. Farben](#)
- . plus a host of hundreds more...

Is this what we are supposed to be living up to as freedom-loving people?

I don't believe so.

Star Wars And Apparent Alien Threat

Still 68% of the military budget is directly or indirectly affected by the black budget. Star Wars relies heavily upon stealth weaponry.

By the way, none of the stealth program would have been available if we had not taken apart crashed alien disks. None of it.

Some of you might ask what the Space Shuttle is "shuttling". Large ingots of special metals that are milled in space and cannot be

produced on the surface of the Earth. They need the near vacuum of outer space to produce them. We are not even being told anything close to the truth. I believe our government officials have sold us down the drain—lock, stock, and barrel.

Stealth Aircraft Technology Use By U.S. Agencies And The United States

Here's another piece of information for you folks. The Drug Enforcement Administration and the ATF rely on stealth tactical weaponry for as much as 40% of their operations budget. This in 1993, and the figures have gone up considerably since.

The United Nations used American stealth aircraft for over 28% of its collective worldwide operations from 1990 to 1992, according to the Center for Strategic Studies and UN Report 3092.

The Guardians Of Stealth And Delta Force Origins Of The Bosnia Conflict

The Guardians of Stealth: There are at least three distinct classifications of police who guard our most well-kept secrets.

Number one: the Military Joint Tactical Force (MJTF), sometimes called the Delta Force or Black Berets, is a multinational tactical force primarily used to guard the various stealth aircraft worldwide.

By the way, there were 172 stealth aircraft built. Ten crashed, so there were, at last count, about 162. Bill Clinton signed them away about six weeks ago to the United Nations.

There have been indications that the Delta Force was sent over to Bosnia during the last days of the Bush administration as a covert sniper force.

And that they started taking pot-shots at each side of the controversy, in order to actually

start the Bosnia conflict that would be used by succeeding administrations for political purposes.

Thoughts On The Bombings In The United States

I was hired not too long ago to do a report on the World Trade Center bombing. I was hired because I know about the 90-some-odd varieties of chemical explosives. I looked at the pictures taken right after the blast. The concrete was puddled and melted. The steel and the rebar was literally extruded up to six feet longer than its original length.

There is only one weapon that can do that—a small nuclear weapon. That's a construction-type nuclear device. Obviously, when they say that it was a nitrate explosive that did the damage, they're lying 100%, folks. The people they have in custody probably didn't do the crime. As a matter of fact, I have reason to believe that the same group held in custody did do other crimes, such as killing a Jewish rabbi

in New York.

However, I want to further mention that with the last explosion in Oklahoma City, they are saying that it was a nitrate or fertilizer bomb that did it.

First, they came out and said it was a 1,000 pound fertilizer bomb.

Then, it was 1,500.

Then 2,000 pounds.

Now it's 20,000.

You can't put 20,000 pounds of fertilizer in a Ryder Truck.

Now, I've never mixed explosives, per se. I know the chemical structure and the application of construction explosives. My reputation was based on it. I helped hollow out more than 13 deep underground military bases in the United States. I worked on the Malta

project, in West Germany, in Spain, and in Italy.

I can tell you, from experience, that a nitrate explosion would not have hardly shattered the windows of the federal building in Oklahoma City. It would have killed a few people and knocked part of the facing off the building, but it would never have done that kind of damage.

I believe I have been lied to, and I am not taking it any longer, so I'm telling you that you've been lied to.

The Truth Behind The Republican Contract With America

I don't perceive at this time that we have too much more than six months of life left in this country, at the present rate.

We are the laughing stock of the world, because we are being hoodwinked by so many evil people who are running this country. I think we can do better.

I think the people over 45 are seriously worried about their future. I'm going to run some scary scenarios by you.

The Contract With America: It contains the same terminology that Adolph Hitler used to subvert Germany in 1931. I believe we can do better. The Contract With America is a last-ditch effort by our federal government to tear away the Constitution and the Bill Of Rights.

Some Statistics On The Black Helicopter Presence

The black helicopters. There are over 65,000 black helicopters in the United States. For every hour that goes by, there is one being built. Is this the proper use of our money? What does the federal government need 64,000 tactical helicopters for, if they are not trying to enslave us? I doubt if the entire military needs 64,000 worldwide. I doubt if the WORLD needs that many.

There are 157 F-117A stealth aircraft loaded with LIDAR and computer-enhanced imaging radar. They can see you walking from room to room when they fly over your house. They see objects in the house from the air with a variation limit of 1 inch to 30,000 miles. That's how accurate that is.

Now, I worked in the federal government for a long time, and I know exactly how they handle their business.

Government Earthquake Device, AIDS As A Bio-Weapon Based On Alien Excretions

The federal government has now invented an earthquake device. I am a geologist, and I know what I am talking about. With the Kobe earthquake in Japan, there was no pulse-wave as in a normal earthquake. None.

In 1989, there was an earthquake in San Francisco. There was no pulse-wave with that one either. It is a Tesla device that is being

used for evil purposes. The black budget programs have subverted science as we know it.

Look at AIDS, invented by the National Ordinance Laboratory, in Chicago, Illinois, in 1972. It was a biological weapon to be used against the people of the United States.

The reason I know this, is that I have seen the documentation by the Office of Strategic Services, which, by the way, is still in operation to this day, through the CDC in Atlanta. They used the glandular excretions of animals, humans, and alien humanoids to create the virus.

These alien humanoids the government is hobnobbing with are the worst news. There is absolutely no defense against their germs—none. They are a biological weapon of terrible consequence. Every alien on the planet needs to be isolated.

Saddam Hussein killed 3.5 million Kurdish

people with a similar biological weapon. Do we, the people of this planet, deserve this? No, we don't, but we are not doing anything about it. Every moment we waste, we are doing other people on the planet a disservice.

Right now I am dying of cancer that I contracted because of my work for the federal government. I might live six months. I might not.

I will tell you one thing. If I keep speaking out like I am, maybe God will give me the life to talk my head off. I will break every law that it takes to talk my head off. Eleven of my best friends in the last 22 years have been murdered. Eight of the murders were called "suicides".

Before I went to talk in Las Vegas, I drove a friend down to Joshua Tree, near 29 Palms [in the Southern California desert region, loaded with military bases—both "retired" and active, known and secret]. I drove into the mountains in order to get to Needles, California, and I was

followed by two government E-350 vans with G-14 plates, each with a couple of occupants, one of which had an Uzi. I knew exactly who they were. I have spoken 19 times and have probably reached 45,000 people.

Well, I got ahead of them and came to a stop in the middle of the road. They both went on either side of me and down a ravine. Is this what it's going to take? I cut-up my security card and sent it back to the government, and told them, if I was threatened, and I have been, that I was going to upload 140,000 pages of documentation to the Internet about government structure and the whole plan.

I have already begun that task.

Thank you. [End quoting]

Now, do you think perhaps the American public has been lied-to, just a little bit?

Can you imagine the condition of this nation of true bounty if so much money was NOT being

diverted to such diabolical enterprises? There need not be any homeless or those who go without decent clothing or meals, etc. Are you angry enough yet?

At this point in the outlay of this massive subject, enough of the picture has taken shape to confuse rather than clarify: Are we dealing with *angels* or *devils* when we mention extraterrestrials? The answer is BOTH.

Please keep in mind that there exist extraterrestrial beings who traverse the galaxies and dimensional planes at will. These morally and ethically advanced and compassionate *Elder Brothers and Sisters*, by their very nature, intrinsically follow Universal Law—the Laws of The Creation, under Creator Source or *God*.

And then there exist some less evolved, presently Earth-bound, extraterrestrial species who work in concert with the same dark forces who overshadow the misfit human element of this planet, referred to in these pages as the

Elite Controllers and their puppets.

Appreciate that it is definitely NOT the purpose of this particular feature story to generate fear in the heart of anyone. Rather, by understanding who the various players are on the playing field, the thinking person is in a much better position to navigate the major events that are likely to be unfolding in the near future on planet Earth.

There is a lot of good information out there, amidst a lot of disinformation, as I said before, and I've endeavored to share some of the more credible sources with you. A lot more information on this subject is to be presented in the next installment(s).

For now, I would like to leave you with what I believe is an extremely timely caution, especially since the 9/11/ 2001 events and aftermath:

“In the counsels of Government, we must guard against the acquisition of unwarranted influence, whether sought or unsought, by the

Military Industrial Complex. The potential for the disastrous rise of misplaced power exists, and will persist. We must never let the weight of this combination endanger our liberties or democratic processes. We should take nothing for granted.

Only an alert and knowledgeable citizenry can compel the proper meshing of the huge industrial and military machinery of defense with our peaceful methods and goals so that security and liberty may prosper together.”

— President Dwight David Eisenhower, January 1961, [Farewell Address to the nation](#)

Do you think perhaps this outgoing President had a few regrets and was trying to tell the American people something VERY important?

After all, his hands were as tied as are any President's by the dark forces of secret power who actually dictate policy to control a mostly unsuspecting populace. Why should the UFO subject—of ANY subject—be exempt from such calculated censorship?

Nearly two hundred years earlier, **Thomas Jefferson** cautioned us similarly:

“I know no safe depository of the ultimate powers of the society but the people themselves. And if we think them not enlightened enough to exercise their control with a wholesome discretion, the remedy is not to take it from them, but to inform them.”

And that’s exactly what The SPECTRUM shall do, in sharing what we can about this most astonishing subject of UFOs.
