Listening Angel is the angel who listens to prayers. She is commissioned by Alpha and Omega to listen to our innermost thoughts and heart yearnings and carries these prayers back to our Father-Mother God. Listening Angel and her legions bring comfort, wisdom and compassion

during our times of need. They especially listen to the yearning of souls who suffer deeply and do not know how to articulate a prayer. They also bring comfort to those souls whose bodies and missions are being aborted at the behest of their mothers. They tend these souls with greatest care so that they may not be scarred when they must enter the womb of life once again, wondering whether they will be received or whether their life will be snuffed out in a most cruel way. Listening Angel and her legions also nurture and respond to the fine sensitivities of children, whose prayers and desire to console their parents is most precious.
