

## Incredible Alien Face In Northern Lights? – Nov 20, 2012

A photographer was shocked to return home and look at his photos of the northern lights only to discover signs of an **alien**'s face haunting the green sky. Landscape photographer Iurie Belegurschi captured the sighting by chance in the spectacular Reykjanes peninsula of Iceland.

[<http://www.thetruthbehindthescenes.org/wp-content/uploads/2012/11/Alien-Face-In-Northern-Lights.jpg>]

The colorful stretch of light could be confused for a cosmic invasion as it bizarrely resembles the face of a space creature.

'I didn't see the *alien* face during shooting, but when I came home I checked my photographs on the computer and I saw it! It's unbelievable, I couldn't believe my eyes.'

[[http://www.thetruthbehindthescenes.org/wp-content/uploads/2012/11/Alien-Face-In-Northern-Lights\\_1.jpg](http://www.thetruthbehindthescenes.org/wp-content/uploads/2012/11/Alien-Face-In-Northern-Lights_1.jpg)]

The 29-year-old native Moldovan used a Canon 5D Mark III to shoot the spectacle. Self-taught Iurie moved to Iceland in 2006 to follow his biggest passion, the Northern Lights. He is now waiting for the solar max in 2013-2014 to capture more aurora activity.

### Signs in the sky: "Alien face" seen in northern lights

About these ads (<http://en.wordpress.com/about-these-ads/>)

(<http://ivarfjeld.files.wordpress.com/2012/11/15.jpg>)  
Photo of the "alleged alien" seen in northern lights

A photographer was shocked to return home and look at his photos of the northern lights only to discover signs of an alien's face haunting the green sky.

Landscape photographer Iurie Belegurschi captured the sighting by chance in the spectacular Reykjanes peninsula of Iceland.

The colourful stretch of light could be confused for a cosmic invasion as it bizarrely resembles the face of a space creature.

'I didn't see the alien face during shooting, but when I came home I checked my photographs on the computer and I saw it! It's unbelievable, I couldn't believe my eyes.'

The 29-year-old native Moldovan used a Canon 5D Mark III to shoot the spectacle.

Self-taught Iurie moved to Iceland in 2006 to follow his biggest passion, the Northern Lights.

He is now waiting for the solar max in 2013-2014 to capture more aurora activity.

My Comment:

We are in the last days. It is written in His Word and it is simply the truth. Signs such as these will become more common. Ivar had written an article a few days ago, with another sign that Our King is near. You can [click here \(http://ivarfjeld.wordpress.com/2012/11/19/blood-red-auroras-over-north-america/\)](http://ivarfjeld.wordpress.com/2012/11/19/blood-red-auroras-over-north-america/) to read it.

Jesus warned us:

### **Luke 21:25-27**

There will be signs in the sun, moon and stars. On the earth, nations will be in anguish and perplexity at the roaring and tossing of the sea. People will faint from terror, apprehensive of what is coming on the world, for the heavenly bodies will be shaken. At that time they will see the Son of Man coming in a cloud with power and great glory.

The descriptive words given to us by Our Messiah, one needs to really read to grasp the enormity of the situation. Only a Bible believing Christian realizes the seriousness of the situation and that the hour draws near.

### **Matthew 24:20-21**

Pray that your flight will not take place in winter or on the Sabbath. <sup>21</sup> For then there will be great distress, unequalled from the beginning of the world until now — and never to be equaled again.

Jesus says to us: There will be such great distress, it will be unequalled, and never be equaled again. Our Messiah keeps warning us that he is Near. He gave us the signs to look for.

It's not too late to turn to Jesus. While there is breath in your lungs, it is not too late.

### **Matthew 24:36-39**

*"But about that day or hour no one knows, not even the angels in heaven, nor the Son, but only the Father. <sup>37</sup> As it was in the days of Noah, so it will be at the coming of the Son of Man. <sup>38</sup> For in the days before the flood, people were eating and drinking, marrying and giving in marriage, up to the day Noah entered the ark; <sup>39</sup> and they knew nothing about what would happen until the flood came and took them all away. That is how it will be at the coming of the Son of Man."*

G-d did say HE would send the devil and his demons down to us..we wee that all of the time tho so many are blind. we just have to keep telling people of HIM as the doors to do so like G-d said they would close when men could no longer work. It is sad that so many are so interested in the thing of the world while so many will perish..and their blood will be on our hands. when we try to tell people who are in cults they just think we are slamming their church but we are not. we are so concerned that they do not believe in the "other Jesus" that Paul warned us of. on the mormon temple and the catholic they have the sign of the crescent moon and stars and under the picture of mary. G-d tells us to not call any man Father but HIM and they think the real Jesus in in a waffer. but Jesus said, if they say Jesus is here or their , believe them NOT. all we can do is pray and try our very best to pray and do the works HE asked us to,,,that is the least we can do

Maybe. But the fact that it did made the news, without anyone hinting it was photoshop, well it was worth posting the article.

If you turn the picture upside down, you will see another face, or atleast the forehead, eyes and little bit down. You'll see it to the left beside the "big" face. / John

## Face Of Grey Alien Appears In Northern Lights On Nov. , 2012

Huge Face Of Grey Alien Appears In Northern Lights

Tuesday, November 20, 2012 18:24

Stephen Hannard, ADGUK, writes that a photographer was shocked to return home and look at his photos of the northern lights only to discover signs of an alien's face haunting the green sky. Landscape photographer Iurie Belegurschi captured the sighting by chance in the spectacular Reykjanes peninsula of Iceland.

The colourful stretch of light could be confused for a cosmic invasion as it bizarrely resembles the face of a space creature.

'I didn't see the alien face during shooting, but when I came home I checked my photographs on the computer and I saw it! It's unbelievable, I couldn't believe my eyes.'

The 29-year-old native Moldovan used a Canon 5D Mark III to shoot the spectacle.

Self-taught Iurie moved to Iceland in 2006 to follow his biggest passion, the Northern Lights. He is now waiting for the solar max in 2013-2014 to capture more aurora activity.
