Word Phoenix in foreign language from many languages and countries around the world. ... English Language (Main) : Phoenix ... Urdu Language : [فینکس](#).

PHOENIX (1) Also Phenex, an angel who is fallen but who, according to the occult work *The Lemegeton* by Arthur Edward Waite, has high hopes of returning after 1,200 years to the light of goodness.

Bunson, Matthew (2010-07-22). *Angels A to Z: A Who's Who of the Heavenly Host* (Kindle Locations 3845-3847). Crown Publishing Group. Kindle Edition.

Today I drew Phoenix, the angel of Rebirth.... the angel sits against a fiery background with the ghost of the phoenix rising in the flames. The new born child grasps the knee of the angel. There is a stringed musical instrument and bow, possibly a violin standing next to the two figures. On the floor by the angels feet, there are some books. The overall colours of the card are orange and golds. The element of this card is Fire, and it's planet is the Moon.
