

Sekhem-Seichim-Reiki

It was taught to me that Seichim and Karuna are "different energy" than traditional usui reiki. Others teach that Karuna and Seichim "vibrate" at a "higher level". Some teach that Seichim (or Sekhem) and Karuna are a "higher vibrational" energies than reiki.

To me and most Reiki Masters they feel very different to work with.

Seichim refers loosely to a group of energy healing and transformational systems that were developed from the original practices of Patrick Zeigler in 1980. Patrick reported having snuck in and stayed overnight in the Great Pyramid in 1979 or 1980. The description of his experience was remarkably similar to two other written accounts of people that obtained the permission of the Egyptian Government to spend the night in the Pyramid. Patrick reported that he was struck with a powerful energy. In a very short period of time, he was attuned by a Sufi Master in Khartoum. When he returned to the United States he studied Reiki with Barbara Weber Ray. Seichim would then appear to be a combination of the Pyramid experience energy, the Sufi empowerments, and Reiki. The energy was called Seichim. This name was given it by a spirit named "Marat", channeled by a friend of Patrick's. The energy was first passed on to several people including members of Patrick's family. Tom Seaman was the first to receive these hybrid Reiki formatted Seichim attunements. Tom in turn attuned Ken Lowry and Phoenix Summerfield. Tom Seaman, Ken Lowry, and Phoenix Summerfield working separately and together developed the basics of this system. Tom and Ken's system was called "Reiki Seichim, Seichim Reiki, Renegade Reiki, or 7 Facet Seichim".

The energy is thought to be "transformational" in nature. It is used both to heal, as well as to help accelerate your personal development and help achieve your true potential.

TTThere are some that claim that Seichim has been around for a very long time and that it existed in Ancient Egypt, Atlantis and Lemuria

**Initiation effects on the Chakras, Sekhem Seichim Energy** (PatrickZ)

posted Wed January 19th 2011 @ 4:28 PM

Typical alignment for the chakras is facing outward, moving out from the front and back of the body. When an initiation process begins, the chakras flip or rotate upwards creating a vertical column of Sekhem light. This Sekhem Initiation is typical of the type experienced in our family of energy ie: **Seichim, Sekhem, Seichem** and All-Love. The heart chakra is the key, once the heart chakra begins to rotate the others will follow naturally creating a beautiful column of light. [Read More »](#)
