… the "digital archives" consist of the original published versions of the messages, titled *True Gospel Revealed Anew by Jesus* and available as downloadable files. In these more lightly-edited books, one can see the characteristic glitches in mediumship which sometimes cause the flow of logic to stumble in mid-sentence; and run-on sentences are the norm. One can also more easily spot subtle differences in the personalities and abilities of the various spirit-authors, as well as the sometimes dramatic fluctuations in Mr. Padgett's transparency as a medium.
