**Iadiel** (“hand of God”)—an angel listed in Schwab, *Vocabulaire de l'Angélologie*.

Gustav Davidson. *A Dictionary of Angels: Including the Fallen Ones*. New York: The Free Press. 1967. Page 147.

**Adoil** "*Hand of God*" A primordial essence or divine creature of light summoned out of the invisible depths and who burst asunder. Out of Adoil came all things visible in the world. This occurred at the time Enoch was being shown around the ten Heavens. The name Adoil does not appear anywhere else than in *Enoch II*. This may be a modification of the egg theory of the universe in ancient Egyptian myth.
