

[Sikhs Against Genocide](#)

The Sikh belief in human rights forms the foundations of the faith. It is derived from its founder prophet, Guru Nanak Sahib, proclamation that all humans are divine and children of Vahguru (One Universal Integrative Force). Divine light, divine spirit is in all of us. Everyone has the birth right to practice their own beliefs and faith. And live a life free of all oppressions. We pray each day for the well being of the whole humanity. Let us come together to prevent and stop genocide. Let us demand from our governments to bring the perpetrators of genocides and crimes against humanity to justice. Let us help those who are suffering. Each and every human being on this earth has the right to live freely: beyond fear and persecution. Together we can make this happen. Together we can make a difference.
